

Dental Savings Worth Smiling About

Dental care is a necessity for good health. Regular check ups and dental care have been proven to:

- Keep teeth and gums healthy and looking good
- Prevent problems that require expensive dental treatment
- Protect the body from the effects of gum disease, such as increased risk of heart disease

Benefits that Sell Themselves

All plans pay cash benefits that help pay for dental checkups and treatment. Once your clients enroll:

- There is no waiting period for checkups; they get \$75 for a visit every six months
- They'll receive a set cash amount for each dental treatment, such as fillings and extractions
- They can visit any dentist they choose; there are no network restrictions
- They can receive cash payments, or they can choose to have their dentist receive payments
- They can add dental coverage to their Assurant Health Individual Medical or Health Access plan without any additional applications or underwriting required

Three Levels of Affordable Coverage

Your clients can feel good knowing they can care for their teeth without breaking the bank. Assurant Health offers dental plans to fit every need and budget. Premiums start as low as \$9* per month.

Basic and Intermediate plans offer coverage for preventive and basic services, and plus plans add coverage for major services, such as crowns, dentures, and oral surgery.

Plan Type	Preventive Services Coverage	Basic Services Coverage	Major Services Coverage	Annual Maximum*	Premiums start
Level 1 – Basic	\$75 per visit	\$25 - \$200 per service	N/A	\$500 per year for Basic Services	\$9* per month
Level 2 – Intermediate	\$100 per visit	\$55 - \$375 per service	N/A	\$1000 per year for Basic Services	\$24** per month
Level 3 - Plus	\$100 per visit	\$55 - \$375 per service	\$20 - \$1000 per service	\$1500 per year for Basic and Major Services Combined	\$20*** per month

Help Your Clients; Help Yourself

Enroll your clients in Assurant Health's Dental Coverage, and:
